Le collezioni Zucchetti sono proposte in un'ampia gamma di finiture pensate per soddisfare le tendenze lifestyle contemporanee e consentire al progettista di individuare la soluzione ideale per ogni stile progettuale.

Per i prodotti in ottone, Zucchetti propone:

- finiture galvaniche disponibili in diverse tonalità, sia lucide che spazzolate;
- finiture verniciate in vari colori e combinazioni;
- finiture PVD in varie gradazioni. Estremamente dure e resistenti, inalterabili nel tempo e atossiche, le finiture PVD garantiscono prestazioni eccellenti e risultano particolarmente adatte nei progetti per l'hotellerie.

Per i prodotti in acciaio inossidabile, Zucchetti propone:

- finiture spazzolate in diverse tonalità ottenute tramite processo PVD. Estremamente dure, resistenti, inalterabili nel tempo e atossiche, queste finiture garantiscono le migliori performances e sono particolarmente adatte nell'hotellerie.
- finiture matt realizzate tramite sabbiatura e disponibili in varie nuances ottenute con processo PVD. Anche queste finiture sono estremamente dure, resistenti, inalterabili nel tempo e atossiche, rendendole ideali per l'hotellerie.

Le finiture Zucchetti sono realizzate utilizzando tecnologie all'avanguardia, con una cura meticolosa per ogni dettaglio, per consegnare al cliente prodotti impeccabili e adatti a qualsiasi esigenza.

Zucchetti collections are proposed in a wide range of finishes that perfectly adapt to contemporary lifestyle trends and allow designers to create the ideal style for every project.

For brass products, Zucchetti offers:

- galvanic finishes available in different shades, both glossy and brushed;
- painted finishes in various colors and combinations;
- PVD finishes in different shades. Extremely hard and resistant, time-proof and non-toxic, PVD finishes guarantee excellent performances and are particularly suitable for the hospitality industry.

For stainless steel products, Zucchetti offers:

- brushed PVD finishes in different shades that are extremely hard and resistant, time-proof and non-toxic. PVD finishes guarantee excellent performances and are particularly suitable for the hospitality industry.
- matt finishes with a sandy texture available in various shades, obtained with the PVD process. These finishes are also extremely hard, resistant, unalterable over time and non-toxic, making them ideal for the hospitality industry.

Zucchetti creates its finishes using cutting-edge technologies, with meticulous attention to every detail, in order to provide customers with impeccable products, suitable for any requirement.
